

MOTOGIRO D'ITALIA

MOTOGIRO D'ITALIA 2024
EXCERPT FROM THE REGULATIONS

The event, divided into six Stages, plus the day dedicated to preliminary operations, is a tourist "Gran Fondo", based on: transfers, time controls, time stamps and driving skill tests, which will be carried out at the locations described in the roadmaps. In addition, the MOTOGIRO D'ITALIA is also, for those who wish, only a tourist event.

The hourly average, as stipulated in Art.9 of the Highway Code for non-competitive amateur events, will be less than 50 Km/h. Timekeeping will be done to the hundredth of a second in the driving skill tests, and to the minute in the time controls.

The first 200 registered participants in good standing with the payment of the pre-registration fee will be accepted; a waiting list will be made for additional registrants. It will be possible to choose to register with or without the hotel package provided by the organization. (Fill out the dedicated forms according to your choice).

The event is open to all types of scooters, sidecars and current and vintage motorcycles according to the years and capacities of the various categories specified in the excerpt from the regulations.

Drivers: requirements of the Highway Code, F.M.I. membership card and for vintage motorcycles of Italian drivers who were in possession of it, the F.M.I. historical register.

Seven days, six stages on the most scenic and beautiful roads of our Italy.

N.B. We invite you to register, as per our liking and according to your availability of suitable vehicles, in the categories ranging from 1914 to 1969.

This would confirm to the Motogiro d'Italia its value as a Historical Reenactment and to be the traveling museum everyone expects to see.

To make the ranking more realistic, the day's penalties for all drivers will be multiplied by the coefficient 1, the year of registration of the vehicle.

Example: motorcycle from 1955 the coefficient will be 1.55.

This will allow not to penalize, but rather to incentivize, those who will use older and more complex motorcycles.

The day's ranking will then give rise to the usual Stage score.

For all categories, if the minimum number of entries of five is not reached for ranking purposes, they will be merged with the next category.

For those who wish to carry out the event as mere tourists with the obligation to carry out the daily stamp controls and the obligation to carry out the daily Start and Finish as per the

hourly arrangements of the organization with the stay at the finish line at the stage venues adhering to the arrangements of the organization to get away from the finish square.

The same, depending on their number, may be escorted by two or more relays from the organization who will act as their tour guides to visit places of interest along the route.

BIKE RENTAL:

For those interested in renting a motorcycle, we have two options to offer you:

If you would like to rent motorcycles from the 1970s, you can contact RIDE70s: by clicking on the ride70s.it icon in the space reserved for our partners on our website, you can see the available motorcycles and get in touch with them directly;

If you prefer to rent older or more modern motorcycles, we can provide you with bikes made available by private collectors; contact us at info@motogiroitalia.it for information.

In both cases, the motorcycles will be delivered to you in perfect condition, maintained and checked in all respects.

For logistical and organizational reasons and because of the limited number of bikes available, we recommend that you make your bike reservation as early as possible so that you can be sure to have a bike available.

It will be possible for the participant to have spare parts or tools transported free of charge by our truck (TIR with two interior floors for transporting fifty motorcycles) to the stage locations.

For large packages, engines, etc., the cost of transportation will have to be evaluated at the time with the organization, which leaves the participant responsible for the materials entrusted for transport.

It will be possible to use another motorcycle in tow transported by the organization or by own means;

it will become mandatory for subsequent use to register and punch the second bike, which the participant can use in case of failure of the first one, at Preliminary Operations.

The participant in the ranking who will use the second bike will receive for the bike change 10 penalty points and will be obliged to inform the timing officer of the change, if he/she does not carry out this procedure he/she will be excluded from the ranking. The cost for the transportation of the second bike at the expense of the organization for the duration of the event will be € 100.00. N.B. It will be possible to accept the reservation of transport for a maximum of ten motorcycles.

RESULTS:

A daily category ranking and an overall final ranking will be made for each category, (excluding the Tourist Category) based on the sum of penalties and hundredths accumulated in the checks and skill tests of each individual stage. There will also be a team ranking, a competition of elegance
